

LOHITH SHET

Senior Technical Lead | Full-Stack Development | Agile Delivery

+91- 8310614599 lohith211@gmail.com

Seasoned **Senior Technical Lead** with 10+ years of experience in **full-stack development**, specializing in building scalable, secure, and high-performance applications. Expert in architecting modern **Frontend (Angular 20/ReactJS)** and **Backend (Java/Spring Boot)** solutions. Proven track record of leading Agile **POD teams** as a **Directly Responsible Individual (DRI)**, implementing resilient **Microservices** using patterns like **Circuit Breaker** to ensure high system availability.

Core Competencies

- Technical Leadership & Team Management
- Full-Stack & Frontend Development
- UI/UX Design & Architecture
- Agile & DevOps Implementation
- Project Planning & Execution
- Client Engagement & Requirement Analysis
- Software Development Lifecycle (SDLC)
- Code Review, Debugging & Quality Assurance
- Microfrontend & Migration Strategy
- RESTful APIs & Backend Integration

Education

	MCA, Indira Gandhi National Open University (IGNOU) – 2016
	BCA, Mangalore University – 2012

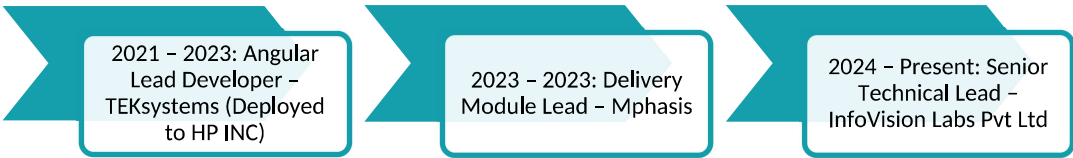

Certifications

- ReactJS & Angular Advanced Training (Internal/Client-based)
- Agile & DevOps Best Practices
- AWS Certified Solutions Architect – Associate.
- Mastering Microservices

Profile Summary

- Technical Leadership & Team Management:** Led high-performing development teams for 10+ years, mentoring engineers and ensuring delivery excellence.
- Full-Stack & Frontend Expertise:** Expert in ReactJS, Angular (4–20), TypeScript, JavaScript ES6, Spring Boot, NodeJS, RESTful APIs, and Microservices.
- Agile & DevOps Delivery:** Implemented Agile (Scrum/Kanban) practices and CI/CD pipelines using Git, Jenkins, Docker, AWS, Azure, and GitHub Actions.
- UI/UX Architecture & Modernization:** Spearheaded migration projects, microfrontend architectures, and centralized component libraries for scalable, responsive applications.
- Project Execution & Client Collaboration:** Managed end-to-end SDLC, coordinated with clients, and delivered high-quality, tailored solutions on time and within budget.

Career Timeline (Latest 3)

Work Experience

InfoVision Labs Pvt. Ltd, Bangalore – Senior Technical Lead | Apr 2024 – Present

Key Projects:

ICS – Hub | **Client:** Invenco by GVR | **Tech Stack:** Angular 20, Java 17, Spring Boot, Microservices, SASS, AWS

- Full-Stack Migration:** Spearheaded the migration from legacy systems to Angular 20 and Spring Boot microservices using a **Micro frontend (MFE)** architecture.
- Resilient Backend Design:** Designed and implemented fault-tolerant APIs using Java 17 and Spring Boot, incorporating the **Circuit Breaker pattern** to handle service failures gracefully.
- POD Leadership & Execution:** Served as the Directly Responsible Individual (DRI) for technical deliverables within an Agile POD, leading cross-functional collaboration between Product, Engineering, and QA.
- Advanced Frontend:** Defined UI architecture and implemented a Signals-first reactivity model; architected cross-module state management to reduce dependencies by 35%.
- Mentorship & Standards:** Provided hands-on technical guidance and code reviews to ensure adherence to coding standards and architectural principles.

ICS – Next | **Client:** Invenco by GVR

- Backend & Security:** Developed a PCI DSS-compliant cloud platform using Java and Spring Boot for managing remote fuel retail devices (OPTs).
- API Development:** Built and optimized RESTful APIs and responsive ReactJS components to handle real-time device telemetry.

Previous Experience

Mphasis, Bangalore – Delivery Module Lead | Mar 2023 – Oct 2023 | Client: FedEx | Angular 16, TypeScript, Spring Boot

- Led **frontend architecture and implementation** for a social media notification platform.
- Managed a team of 4 developers, including task allocation, mentoring, and technical walkthroughs.
- Engineered transformation logic for country-specific notifications.
- Ensured high-quality UI components, robust integration, and performance optimization.

TEKsystems (Deployed to HP INC), Bangalore – Angular Lead Developer | Jul 2021 – Feb 2023 | Angular 12, Java, Spring Boot

- Engineered customer support modules using Java/Spring Boot for backend APIs and Angular 12 for the frontend UI.
- Resilient Architecture: Implemented Circuit Breaker and Saga patterns to manage distributed transactions and ensure system stability across HP's support microservices.
- Improved **code quality** using SonarQube and collaborated with QA teams for defect resolution.
- Coordinated Agile sprints and cross-functional team collaboration.

Experis IT Pvt Ltd (Deployed to Infosys), Bangalore – Full Stack Developer | Feb 2021 – Jul 2021 | Angular 10, TypeScript, RxJS, Bootstrap, Azure Pipelines

- Migrated legacy systems to Angular 10, ensuring enhanced performance and stability.
- Developed critical dashboards and modules, improving operational efficiency.
- Built and consumed RESTful APIs; ensured mobile responsiveness and cross-browser compatibility.

Codelogs Technologies LLP (Softpro Business Solutions), Udupi – Full Stack Developer | May 2016 – Jan 2018 | ReactJS, Java, Redux, Bootstrap3

- Developed **core banking application (ProBank)** with dashboards, reporting, and secure transactions.
- Conducted **unit testing** and collaborated with QA teams for UAT and production deployments.

M.G.M College, Udupi – Software Programmer | Aug 2012 – Apr 2016 | Angular 2, Java, MS SQL Server, Bootstrap3

- Built web-based academic application **M-Report** for student attendance, marks, and performance reports.
- Implemented responsive design and optimized backend SQL queries.
- Developed Angular 2 components and maintained legacy application performance.

Technical Skills

- **Frontend:** HTML5, CSS3, SASS, JavaScript ES6, TypeScript, Angular 4–20, ReactJS, Bootstrap, Material UI, RxJS
- **Backend:** Java, Spring Boot, NodeJS, RESTful APIs, Microservices
- **Databases:** MySQL, MS SQL Server, MongoDB
- **DevOps:** Git, Jenkins, Docker, AWS, CI/CD, Azure Pipelines, GitHub Actions
- **Authentication:** JWT, OAuth
- **Operating Systems:** Windows, Ubuntu

Achievements

- **Best Performer of the Quarter – Q2 2025** | Recognized for outstanding performance, consistent delivery, and contribution to project success
